2019 PACRAT 5 Race Digital photo package.

Individual racer - \$50.00 per person

Teams - \$250.00 (10 racers per same team / 25\$ ea.)

Here's what you get –

- Rat Attack Party Slideshow.
- 5 Races shot with top of the line Canon Equipment.
- Keep those memories fresh with photo evidence of you and your friends having fun!
- Unlimited Team Photos. Taken on race day.
- Teams and individual racers will have their own gallery to download images from. Images will be available 1-3 days following the race. *size is great for 4 x 6 and suitable for up to 8 x 10 prints.
- Use the sequential images for “that shot” to share with friends and family, or use them for Movement Analysis to help develop your skiing and racing skills.
- Direct communication with the photographer to work on getting that shot.
- Free Tips from a full Cert PSIA instructor / Alpine TD and USST 200 Race coach. “I can show you how to use your legs” Just ask!
- Offer includes any make up races cancelled by the race committee.

25% discount to use in the shopping cart. Metal prints and Cell phone covers are very cool!

Use the Buy Button at the top of the page. Any credit card will work just select an option. **Checks or Cash is good.**

it's important to signup before the season begins.

Please contact me to be put on the On Demand Member list. This is my main source of communicating directly with you. Those of you that have communicated with me in years past are already on this list and have received this email individually. Others will received it through PACRATS. if you have any questions please direct them to bob@iwasphotographed.com. My contact information is also available on line.

Experience counts in getting the shot so here's a bit about Bob:

Stawicki Photography is an Adventure Action Photography Company covering Water and Wind Sports during the summer and Snow Sports during the winter. The company is in it 6th year and is located in White Salmon, WA.

Bob has been shooting sequential movements professionally for over 16 years and has 35+ years experience in coaching skiing that includes 11 years coaching racing. He is a Certified Level 3 PSIA Alpine instructor, PSIA Alpine TD (trainer), and a level 1 Snowboard instructor. He was also the Head Coach for Lake Oswego High School's Alpine Race Team where the use of Video and Stills were used for Movement Analysis of skiing and racing skill development.

Get Movement analysis tips from Bob:

I can show you how to use your legs. I've always maintained that skiing should be as smooth as walking and running. For most of us that changes the steeper we descend, or the obstacles we must manage aka; the course, bumps, powder, trees...

I'm a Coach and a Photographer. Lets put a plan together and take some runs.
