

PACRAT RACE 3 RESULTS: Ski Bowl - 2/10/13

Results Based on a Par Time of 31.64 seconds

What a beautiful race day! Sunny skies, firm snow, fast race. What more could you ask for? Our slipping was outstanding with no reported issues with interference. Thanks for everyone's efforts in that regard. We had a little drop-off in participation at 177 racers, but still pretty good. Ruttin' Rats made a big move scoring 75 points to take first place and Racy Brats scored 62 to take over second. As you might guess, both teams are at the top of the participation chart with Ruttin' Rats at 100% and Racy Brats at 97%. Ragnar's Rangers filled their team, had all their racers there, and scored 67 points to take over third. Get your team out for the last two races and see if you can do some scoring damage! Peter Dodd got out of his second place rut and was the latest fastest man on the hill while Colleen Walter claimed her second fastest woman title. If you noticed your NASTAR handicaps seem higher this year you can blame the pacesetters who seem to be skiing at their peak this year. Must be the new skis or that stylish race gear. Our next scheduled race is at Meadows March 17. Wear something green! We are doing another NASTAR Open race on March 2 at Ski Bowl if you need some more practice before our next race.

Remaining Races/Events: NASTAR Open – 3/2/13; Meadows - 3/17/13; Timberline - 3/31/13; Rat Attack – 4/19/13 (tentative).

Classifications according to League Rules.
Classification for first race based on previous season class finished with downstrikes/upstrikes starting anew with the new season. Racers with no prior PACRAT experience classified according to time in their first race of the season.

Names with an * after them are snowboarders or telemarkers. Snowboard and telemark times are discounted 10% per NASTAR guidelines. To get your raw time, divide the time shown by 0.9 (i.e. time/0.9 = raw time).

Racers with a "b" in the points column earned a bonus for improving on their best handicap of the season as outline in PACRAT's Operations Manual.

STUFF:
